SURFACE BOX SIDEWALK

Ref.243A.134

MATERIALS:

Body and cover in Grey Iron EN GJL250
bituminous varnish or coating

MAIN CHARACTERISTICS:

Very suitable for the accommodation of
stopcocks, or as a register in telescopic systems
for actuating buried valves.

The base, with a \varnothing 90 mm inlet, is adaptable to
PVC pipe of that size

The top square on the cover fits the key that
operate the valve

FIELD OF APPLICATION:

All circulated carriageways of streets requiring the
access to a buried gate valve.

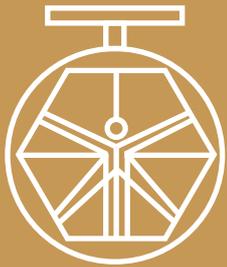

A	B	C	O	H
150	122	110	90	170

All the components can be substituted with equivalent or higher-class materials.

DAVINCI VALVES LTD, is constantly looking at all ways of improving our products and services related to the water, fire and industry sector and therefore we reserve the right to change, without prior notice, any of the data contained here.
